Requirements & Instructions

The Minor consists of 22 credits: 10 required credits and 12 additional credits. A grade of C or better is required in all courses in the Minor, and students must maintain a GPA of 2.0 or higher. Please record below all of the courses that you plan to take to satisfy these requirements.

Note that the Minor cannot guarantee entrance into departmentally controlled courses. The proposed course plan should be discussed with your academic (major) advisor and signed. **Return this form, *along with required signatures and an unofficial transcript or degree audit*, to Jaymes Dunlap in 104 Engineering Unit A for further processing.** A certificate will be awarded upon successful completion of the minor requirements.
