2020 RESIDENTIAL BUILDING DESIGN & CONSTRUCTION CONFERENCE
ANNOUNCEMENT & CALL FOR SUBMISSIONS
MARCH 4–5, 2020
THE PENN STATER CONFERENCE CENTER & HOTEL, STATE COLLEGE, PA, USA
CONFERENCE GOALS

The Pennsylvania Housing Research Center (PHRC), housed in the Department of Civil & Environmental Engineering at The Pennsylvania State University, is pleased to announce the 5th biennial 2020 Residential Building Design & Construction (RBDC) Conference, which provides a forum for researchers, architects, engineers, design professionals, product manufacturers, builders, developers, and code officials to discuss challenges to sustainable, energy efficient, healthy, environmentally friendly, natural hazard resistant, affordable, and innovative residential construction. The event also focuses on the dissemination of recent research findings, state-of-the-art technologies, advanced projects, and new approaches in the field. This conference will focus on various types of residential buildings including single-family dwellings, multi-family multi-story apartment buildings, mid-rise and high-rise residential building towers, factory-built and modular housing, dormitories, and hotels/motels.

SUBMISSION DETAILS

Experts from academia, A/E design firms, builders, developers, manufacturers, and government and code officials are cordially invited to submit abstracts by April 15, 2019 on all aspects of residential buildings, including the following topics:

- Aging-in-Place and Senior Living Housing
- Alternative Renewable Energy Generating Systems
- Building Information Modeling (BIM) Application in Residential Construction
- Building Integrated Photovoltaic Systems
- Building Performance Assessment/Metrics/Verification Methods and Occupant Behavior
- Building Science and Building Enclosures
- Education of Residential Design & Construction
- Energy Efficient Building Components
- Fire Damage and Protection
- High Performance Residential Buildings
- Indoor Air Quality
- Innovations in Green Roofs and Façade/Envelope Systems
- Innovations in Residential Architecture and Design
- Innovations in Modular and Manufactured Housing
- Innovative and Emerging Housing Construction Methods/Systems
- Innovative Wall, Floor, Roof, Window, and Siding Systems
- Learning from the Performance of Residential Buildings under Natural Disasters
- Low-Income and Affordable Housing
- Panelized Building Components
- Passive House Design Approach
- Resilient New Design and Retrofit of Existing Buildings under Natural Disasters
- Retrofit of Existing Buildings for Energy Efficiency
- Rural Housing Materials and Construction
- Serviceability and Life Safety Damage Aspects
- Smart Home Technologies, Design and Construction
- Sustainable Housing Construction Materials and Methods
- Temporary Housing for Disaster Situations
- Whole Building Design Approach
- Zero-Net Energy Homes

Authors of accepted abstracts will submit their full papers for review and comments by the International Scientific Committee for inclusion in the Conference Proceedings. The Conference Proceedings will be an edited document and will require the authors of the papers to transfer copyright to PHRC for its publication with an ISBN number.

By April 15, 2019, submit abstracts through EasyChair conference management software:

https://easychair.org/conferences/?conf=2020rbdcc

For any submission questions, authors may contact Conference Secretariat:

Sarah Klinetob Lowe, slowe@engr.psu.edu
Pennsylvania Housing Research Center
206B Sackett Building
University Park, PA 16802
(814) 865-7915
www.PHRC.psu.edu
Authors are invited to submit 200-300 word abstracts and indicate the topic area from technical paper session topics appropriate for their paper.

- Abstract Submission Extended Deadline: April 15, 2019
- Abstract Acceptance Notification: April 30, 2019
- Full Paper Submission Deadline: August 28, 2019
- Full Paper Acceptance and Review Comments Notification: October 7, 2019
- Camera-Ready Final Full Paper Deadline for Inclusion in the Proceedings: November 27, 2019

At the conference, all presenters will have 20-30 minutes for a PowerPoint presentation on their paper and must bring their presentation to the conference on a USB flash drive.

**Alternative Submission Option for Authors Who Do Not Wish To Submit Full Papers:**

Authors who would only like to have PowerPoint presentations and not a full paper must submit their PowerPoint presentation by January 10, 2020 for distribution at the conference. However, these presentations will not be considered as part of the Conference Proceedings but will later be made available on the PHRC website, www.phrc.psu.edu/Publications/Past-Conference-Proceedings.aspx.

**KEYNOTE SPEAKERS**

**Professor David Prevatt, Ph.D., PE, FASCE**
Associate Professor of Civil & Coastal Engineering, Associate Director NSF - NHERI Experimental Facility, University of Florida

*Wind Hazard Resilient Residential Communities—When Engineering Isn’t Enough*

**Lois B. Arena, PE**
Director, Passive House Services, Steven Winter Associates, Inc.

*Passive House: A Proven Path Toward Resilient, Affordable & Energy Efficient Housing*

**CONCURRENT: 28TH ANNUAL PHRC HOUSING CONFERENCE**

The 28th Annual PHRC Housing Conference highlights best practices, regulation, research, and innovation in the residential construction industry. This two-day event with multiple tracks such as codes, design application, construction management, land development, and more provides information and updates on issues of interest to the residential construction industry. Invited speakers present on a wide range of topics about regulation and best practices in the industry. As an attendee of the Residential Building Design & Construction Conference, you are invited to mix and match with sessions at the PHRC Housing Conference.
INTERNATIONAL SCIENTIFIC COMMITTEE

Clinton Aigbavboa  
University of Johannesburg, South Africa

Mei Yung Leung  
City University of Hong Kong, Hong Kong, China

Somayeh Asadi  
Penn State University, USA

Carlos Martín  
Urban Institute, USA

Naomi Beal  
passivhausMAINE, USA

Andrew McCoy  
Virginia Tech, USA

Ben Bigelow  
Texas A&M, USA

Wendy Miller  
Queensland University of Technology, Australia

Melissa Bilec  
University of Pittsburgh, USA

Mahua Mukherjee  
IIT Rourkee, India

Ryan Bradley  
University of the Witwatersrand, South Africa

Isabelina Nahmens  
Louisiana State University, USA

Silvia Brunoro  
University of Ferrara, Italy

Esther Obonyo  
Penn State University, USA

Arindam Chowdhury  
Florida International University, USA

Clilisia Duarte Ornelas  
University of Porto, Portugal

José Pinto Duarte  
Penn State University, USA

Shiling Pei  
Colorado School of Mines, USA

Jim Freihaut  
Penn State University, USA

David Prevatt  
University of Florida, USA

Antonio Garcia-Martinez  
University of Seville, Spain

Georg Reichard  
Virginia Tech, USA

Karim Hadjri  
University of Sheffield, UK

David Riley  
Penn State University, USA

Dan Hindman  
Virginia Tech, USA

Awni Shaaban  
Sultan Qaboos University, Oman

Eric Holt  
University of Denver, USA

Ryan Smith  
Washington State University, USA

Patrick Huelman  
University of Minnesota, USA

Matt Syal  
Michigan State University, USA

Lisa Iulo  
Penn State University, USA

Fitsum Tariku  
British Columbia Institute of Technology, Canada

Bohumil Kasal  
Fraunhofer Wilhelm-Klauditz-Institute WKI, Germany

Sam Taylor  
Joint Committee on Building Science Education, USA
